PIRATE'S CHASE

Avast there, matey! Are you ready to take on a video game that uncannily analyzes your every move...and actually thinks several steps ahead of you?

If so, you'll find the "artificial intelligence" built into the new PIRATE'S CHASE video game cartridge from Astrocade intriguing and challenging. The object of the game is to get to the special buried treasures by clearing out all the dots before the evil pirates can clear you out...IF you can outwit them!

PIRATE'S CHASE will be available from Astrocade dealers in Fall 1982, priced at $29.95.
